

# Company Fact Sheet

Updated: October 2025

## Overview

Clark Construction Group is one of the largest building and infrastructure companies in the United States.

Our portfolio spans every major building market, from public to private, corporate to cultural, education to entertainment, and the infrastructure connecting it all – power, transit, water, and roadways. An American owned and operated company since 1906, we deliver value to our clients and project partners, provide diverse opportunities for our team, and strengthen the communities where we live.

With offices strategically located across the country, we pride ourselves on being a local builder with national reach.
